

Heaven is the place

(Words and Music: Thomas Bleyel , 5.6.2006)

At all times in your life, you will have to make decisions,
searching the future, trying to find your way, and a place to stay.

Since you were young you had to listen
to other people telling you the way, and you had to obey.

But the time will come when you think about your life.

Where will it lead you?

And you will realise that for every choice you make
you'll have to bear the consequences.

*Heaven, heaven,
heaven is the place where I want to go to.
Heaven, heaven,
heaven is the place where I want to spend eternity.*

Some people tell you life is all about money,
making profit, getting as much as you can, in your own hand.

Some others tell you that it's all about freedom,
all about sex and drugs and rock'n'roll, nicotine, alcohol.

But the time will come when you think about you're life -

by yourself now -

and you must realize that for every choice you make
you'll have to bear the consequences.

*Heaven, heaven,
heaven is the place where I want to go to.
Heaven, heaven,
heaven is the place where I want to spend eternity.*

Where ever you are and whatever you do
I hope you'll choose wise and think about your life.

Heaven, heaven, ...
