

What I do ...

That's what I do,
I play guitar and sing,
trying to touch the world of man
with "Love Life Everything".

That's all I got
to offer in return,
for all you gave to me
the things I couldn't earn

*Redemption's final page
it's written in blood and pain.
Lord, you've payed it all
removing every stain.*

Trying to explain
with words that form within
so you can have it too
love life everything
